

Matrix based on Stone's conception of distribution and community building.

Non Distributed	and	Re-Distributed/Community Building
<p>Problems</p>	<p>What are the issues? ie: 1. Low income 2. Single Parent incomes 3. Drug use</p>	<p>Ask the community- What are the "REAL" issues? Example of possible answers 1. The curriculum is not engaging. 2. Kids feel alienated</p>
<p>Goals</p>	<p>What are the goals that people want to reach? ie: To get rid of drugs in the school.</p>	<p>What are the "REAL" goals? 1. We want all students engaged. 2. We want all students to graduate. 3. We want all teachers to teach.</p>
<p>Solutions</p>	<p>What are the solutions? 1. Put cops in the school 2. Use more security guards in key locations throughout the building. 3. Install metal detectors at all school entrances.</p>	<p>What are the "REAL" solutions? 1. Provide more teacher training. 2. Use more lesson study methods. 3. Put professionals out in the community. 4. Conduct parent meetings to educate the community to what is happening in the school</p>
